- Time:** 6:15 p.m. Gathering & Refreshments
6:30 p.m. AGM Meeting
- Place:** Lanark Community Programs,
30 Bennett Street, Carleton Place

Lanark Renfrew Health & Community Services is a fully accredited non-profit, community governed organization whose purpose is to support the people and communities we serve in achieving and maintaining their best possible health and social well-being.

This year we are pleased to announce that Brenda Kennett will honour us with a presentation on "Archaeological Glimpses into the Indigenous Settlement of Lanark-Renfrew". Brenda's talk will examine some of the archaeological sites in Lanark and Renfrew Counties that provide insights into the 10,000 years of Indigenous settlement in the region. Brenda is a local citizen and archaeologist who provides cultural resource management services for clients including federal, provincial and municipal governments, developers and private individuals.
