Lanark Renfrew Health & Community Services (LRHCS) is seeking new members for our Board and Board Committees

Lanark Renfrew Health & Community Services (LRHCS) is a fully accredited organization representing Lanark Community Programs, the North Lanark Community Health Centre and the Whitewater-Bromley Community Health Centre. LRHCS is a vibrant organization which oversees the provision of a broad range of services, including primary care, health promotion, mental health, peer support, and developmental services, in support of the health and well-being of members of our rural communities.

We require Board Members who have a strong desire and commitment to improve the health and well-being for all members of our community, and especially for those who experience health inequities. As well as positions on the Board, LRHCS welcomes a diverse range of community members to sit on one of the Standing Committees which report to the Board.

Our Board meets monthly (excluding July, August and December) and makes decisions using a formal consensus model. The Board attempts to reduce travel for Board and Committee Members by changing meeting locations and through the use of technology.

If you are interested in exploring this opportunity, please contact the following for a complete information and application package.

Completed applications should be received by **Friday April 8, 2016**.

Kara Symbolic, Coordinator of Volunteers
Lanark Renfrew Health & Community Services
